Net Price	\$13,000.00

Grants, Scholarships and other Aid.

Total Tuition to be paid back (Net Price)

**Please note that the above calculations are estimates and subject to change. The Total Cost of Attendance (COA) is calculated to help students anticipate their costs and to determine eligibility for Financial aid.*

Graduation and borrowing rates:

71% of full-time students at XYZ University graduate within 6 years of starting their degree and typically borrow \$45,000 in Federal Loans over 5 years. Over a 10 year span this yields a monthly payment of \$450.00. Only 5% of students from XYZ University will default on their loans.

Financial Aid Awards may change if:

- Any data on your FAFSA changes due to a correction by yourself and/or the Financial Aid Office.
- Additional resources have not been processed. Such as, scholarships, tribal funding, military benefits, etc...
- Federal, state or institutional funding allocations, law, policy or regulation changes.
- Tuition and fees differ from

Final Award Letter:

Once all final costs have been determined you will have the option to accept or reject the loan amounts listed on your final award notification.
